**1- RADAR**

Radar is a real safety element when sailing. The new HALO24 from B&G offers the performance and reliability of the brand's radars, but with the advantages of a lightened radome. Capable of excellent short, medium and long range detection, up to 48 nautical miles, the HALO24 is designed to handle several ranges simultaneously. Price: 2,500 euros exc. tax

**2- AIS**

Still on the subject of safety, AIS is an undeniable 'plus' aboard our ocean cruising boats, as it allows you to 'see' the vessels around you, and above all, to know their speed and therefore any possible collision course. The new AIS to be presented by Digital Yacht at the coming 'Nautic de Paris' boat show is the AIT5000, a class B transponder with a 5W transmitting power for better range, even in heavy traffic areas.

Retail price: 1,050 euros exc. tax

**3- DISPLAY**

At METS, NKE presented a brand new 7" color display which allows everything aboard to be managed, by displaying navigation and AIS data, and even controlling the autopilot. Completely configurable, the Multidisplay allows from 1 to 6 sets of data to be displayed. The Pad, a separate keyboard, allows the Multidisplay to be configured, as well as remote control of the various displays and access to the menus. Retail price of the Multidisplay: 1,440 euros exc. tax  
Retail price of the Pad: 384 euros exc. tax

**4-RONSTAN SERIES 19 C - TRACK**

Ronstan has just presented a brand new track which will particularly appeal to sport cat enthusiasts. The proof: the Serie 19 offers the same strength as the manufacturer's previous models...but half the weight! Magic when racing!

[www.ronstan.com](http://www.ronstan.com)

**5- LIFEJACKETS**

Spinlock has just presented, at the Annapolis Boat Show, a life-jacket called VITO, which has the particularity of offering a system to detach oneself quickly and easily from the lifeline. We are always supposed to have a knife with us to detach ourselves, but...in reality, this is far from always being the case!

The Vito from Spinlock is easy to put on, doesn't hinder movement, is clearly very light and offers 170N buoyancy!

**6- LATCH**

A latch which sticks or no longer closes is not serious, but very annoying aboard a boat... Southco has just presented a new rotating latch (R4-20) in stainless steel, designed for moderate forces and above all to resist very corrosive environments.

## 7- CLEANER

Do you want your boat to be the most beautiful in the anchorage? Then you need the new formula of the famous Wichinox. Now available as a gel, it is easy to use, to give your stainless fittings back their brightness. It is applied with a brush, left to act for 5 to 15 minutes, depending on the part's degree of corrosion, then it just has to be rinsed with fresh water and wiped with a soft cloth for it to be like new!

## 9- BATTERIES

Good condition and charge of our on-board batteries are essential to our comfort, but also to our safety! Cristec is presenting a brand-new tactile battery controller, the BAT-MON 3.5". It is suitable for all installations, and allows up to 3 independent groups of batteries – or dc current sources - to be controlled. It of course displays the voltage, the current, the capacity and the remaining battery life, as well as an additional voltage (starter battery, for example). BAT-MON 3.5" also allows the generator to be started automatically, if necessary! From 320 euros.

## 8- INFLATABLE

Tiwal is presenting its brand new inflatable dinghy, the Tiwal 2. Lighter, and even more compact, the Tiwal is ready to sail in 15 minutes, which makes it the 'ideal toy' aboard our cruising catamarans. The Tiwal 2 weighs 40 kg, fits into two bags, and at 2.8 m long, can embark an adult and a child (or two children). Very stable, easy to handle (the loose-footed mainsail measures 5.4 m<sup>2</sup>), the Tiwal 2 is intended for both beginners and experienced sailors, who will appreciate its 'playful' nature and its real performance under sail! Price: 4,790 euros

## 10- SCREEN

Are you looking for an exterior screen for your boat? Here is 149 Kara, a screen which will allow you to display your choice of cartography, to have Skype at the helm, or to watch videos, a film, or reply to your e-mails from the boat... The 19 Kara resists immersion, is in 316L stainless steel, and offers HD resolution, a 5 Mp camera and works with Windows 10 or Linux.

Weight: 6.7 kg – Price: 4,990 euros exc. tax

## 11- PROPELLER

Max-Prop is offering its ECOWIND propellers, which are particularly adapted to sailing boats and trawlers. The idea is to offer automatic adjustment of the blades to always give optimum efficiency, whether under maximum load, at cruising speed, or under sail.

**12- BARBECUE**

Multihull sailors are more often than not real epicureans. And one of the pleasures aboard remains the essential barbecue. ENO is presenting a brand new model with this Antigua barbecue, which is a genuine grill operating on the on-board gas supply. Easy to set up, use and clean, the Antigua barbecue can be fitted into any support, thanks to its double-skinned 'wall', which insulates perfectly from the heat.  
Dimensions: H22 x L66 x D38 cm –  
Price: 549 euros inc. tax

[www.eno.fr](http://www.eno.fr)

**13- BAG**

Are you looking for a bag which is big enough to carry your belongings (60 l), whilst keeping them dry? Here is the Gill RS14 bag, 100% waterproof, 100% practical, and very strong!  
Available in Tango-Blue or Graphite colors.

Price: £60 - €70 - US\$ 85 - AU\$ 120

[www.gillmarine.com](http://www.gillmarine.com)

**14- GLASSES**

On the occasion of the Route du Rhum, Julbo is presenting a limited series of glasses, called Race 2.0 Armel - Objectif Rhum. Defined with Armel le Cléac'h, these glasses are equipped with photochromic and polarizing REACTIV lenses...

Retail price: 195 euros inc. tax

[www.julbo.com](http://www.julbo.com)

**15- KNIFE**

Victorinox – well-known for the quality of its knives – is presenting the Skipper Pro, which could quickly be essential aboard. This 12-function pocket knife is of course manufactured in Switzerland, and is equipped with a locking shackle key, a marlin spike, a large toothed blade, a bottle opener, a screwdriver, a wire stripper, a can opener and even a toothpick and tweezers!

Length: 111 mm – Price: 85 euros

[www.victorinox.com](http://www.victorinox.com)

**16- NAUTICAL BICYCLE**

Here is a new nautical toy which could fit aboard your big cat and allow you to set off to explore when you are in an anchorage. Rivike is a 'paddle bike', a genuine bicycle fitted on an inflatable stand-up paddle board. Easy to assemble – the Rivike fits in a bag for transporting – this new machine is above all fun, easy to use and allows you to cruise at a speed of 12 km/h.
